MG ZS EV

INDIA IS EVING

Images & depictions are for illustration & representation purposes only.

HERE TO CHANGE MINDSETS

The mind that asks if it's too far.

The mind that worries if the conditions are right.

The mind that wonders if it's safe.

The MG ZS EV is here to put the mind to rest.

It's here to change - Mindsets. Attitudes. Notions.

So, you can go where your mind wants to take you.

The MG ZS EV.

Make the journey.

Change what you can.

Starting with mindsets.

17 AUTONOMOUS LEVEL-2 ADAS FEATURES

Advanced Driver Assistance System or ADAS, like it's popularly known now, is a group of safety and convenience functions intended to improve comfort and safety for drivers. The MG ZS EV is equipped with 17 ADAS features which work on 3 levels of sensitivity – low, medium and high and 3 levels of warning – haptic, audio and visual. ADAS implements possible safeguards in the vehicle and automates driving controls*. Autonomous Level-2 features not just makes driving more comfortable but also keeps your safety at the forefront. With level-2, the system can not only perform acceleration/ braking functions but can also activate steering control to assist the driving.

Images & depictions are for illustration & representation purposes only. *Advanced Driver Assistance System (ADAS) is not a substitute for human eye and driver vigilance, it is a driver assist system that enhances driving experience and safety. The driver shall remain responsible for safe, vigilant and attentive driving.

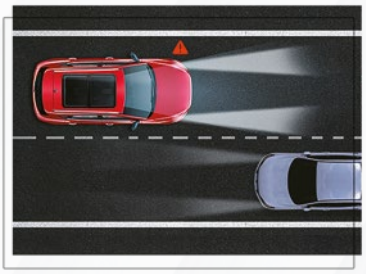

ADAS FEATURES

LANE FUNCTIONS

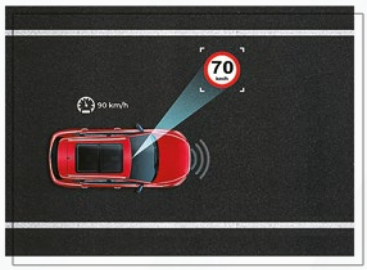

Lane Departure Warning (LDW), Emergency Lane Keep (ELK), Lane Keep Assist (LKA sub-function of TJA)

The multipurpose camera identifies lane markings and warns you in case the vehicle is deviating from the lane. It also helps avoid unintentional lane departure by providing a one-time counter torque to bring the vehicle back to the lane. It can also actively keep the vehicle in the centre of the lane by controlling the steering.

INTELLIGENT HEADLAMP CONTROL (IHC)

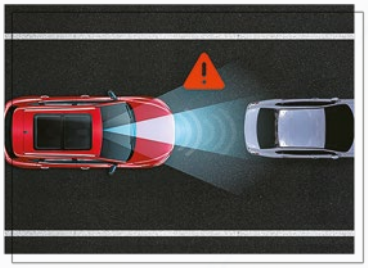

Intelligent Headlamp Control activates and deactivates the high beam, depending on the oncoming traffic and environment situation. Thus, preventing other road users from blinding due to high beam.

SPEED ASSIST SYSTEM (SAS)

Info mode (Speed warning mode), Manual mode, Intelligent mode

Speed Assist System will monitor traffic signs on the road from which it is possible to infer speed limit. The system alerts the driver in case of over speeding through visual and acoustic means. It can also slow down the car to the speed limit automatically in intelligent mode. You can even set your own speed limit in the manual mode.

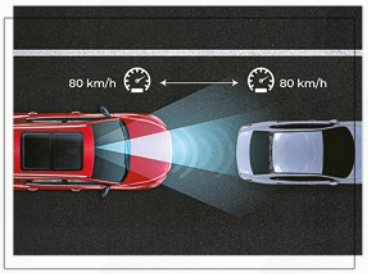

FORWARD COLLISION PREVENTION

Forward Collision Warning (FCW), Automatic Emergency Braking System (AEB), Intelligent Hydraulic Braking Assistance (IHBA), AEB-Pedestrian

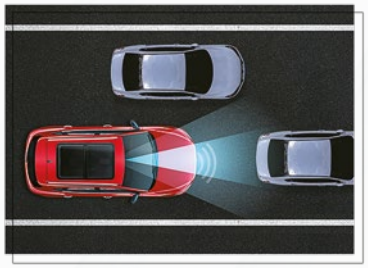

The system alerts the driver about a probable collision with a four-wheeler, two-wheeler or a pedestrian when the gap becomes too close and applies autonomous deceleration if there is no action from the driver.

ADAPTIVE CRUISE CONTROL (ACC)

Bend Cruise Assistance (BCA sub-function of ACC)

Adaptive Cruise Control is an advanced version of cruise control. It senses and monitors the road ahead and automatically accelerates/decelerates for maintaining a proper distance from the vehicle in front. The Bend Cruise Assistance further helps maintain the speed at curves by providing automatic deceleration to the vehicle when its on a curve/bend road.

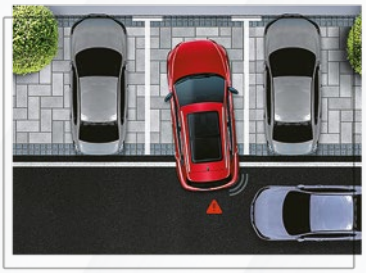

TRAFFIC JAM ASSIST (TJA)

Traffic Jam Assist (TJA) works in conjunction with Adaptive Cruise Control (ACC) and Lane Keep Assist (LKA) to let you cruise through heavy traffic with complete safety and comfort. By keeping the vehicle in middle of the lane and maintaining a safe distance from the vehicle in front, TJA securely and comfortably takes you through jams with minimal effort.

REAR DRIVE ASSIST (RDA)

Blind Spot Detection (BSD), Lane Change Assist (LCA), Rear Cross Traffic Alert (RCTA)

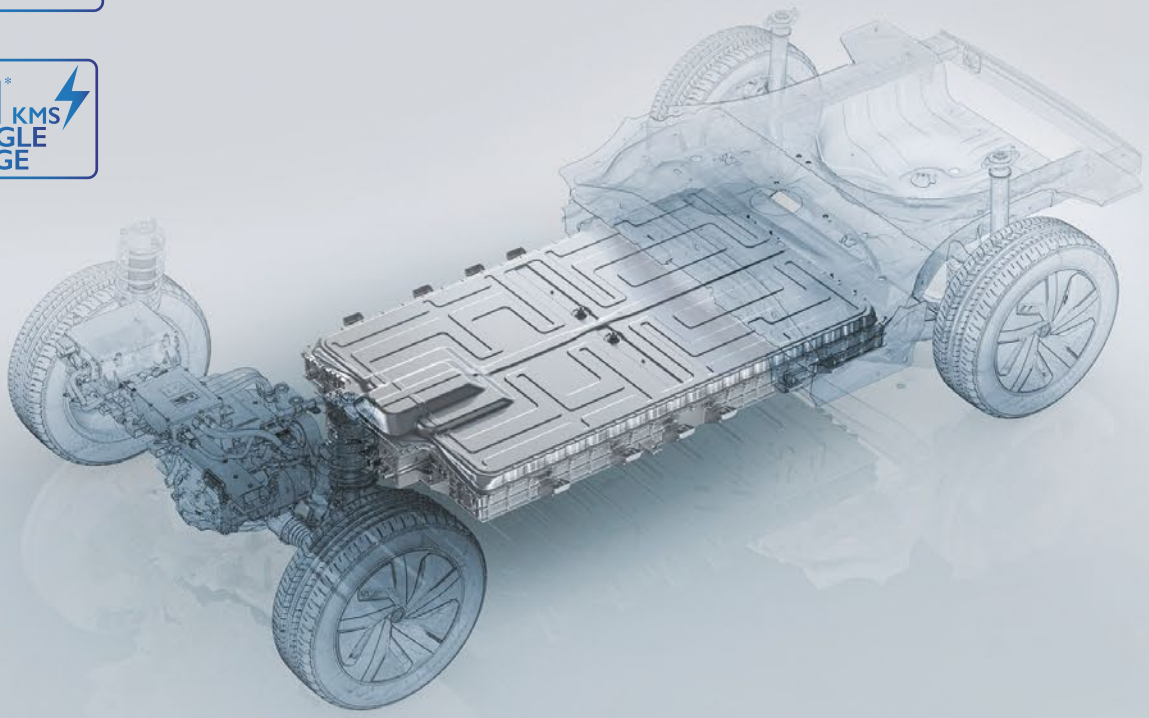

Rear Drive Assist functions monitor the vehicle's surroundings to eliminate any blind spots, which are otherwise not detected in ORVM, reversing camera and sensors. Upon detection of a possible hazard, be it a vehicle already in the blind zone or an approaching vehicle at high speed while you are changing the lane or while reversing, a vehicle which is approaching from rear left or right, the system alerts the driver through visual and acoustic signals.

DRIVE THE DISTANCE WITH 461 KMS* RANGE IN A SINGLE CHARGE

The ZS EV is tailor-made for electrifying driving experiences. Make a thrilling, long-distance trip far beyond the city limits or choose an enjoyable everyday drive with ZS EV's exceptional driving range. Because the only thing you should think about is where to go next.

6 CHARGING SOLUTIONS FOR YOU TO CHOOSE FROM

The future's electric and with ZS EV, you get 6 charging options that can be integrated into your everyday life and offer a convenient drive wherever you go.

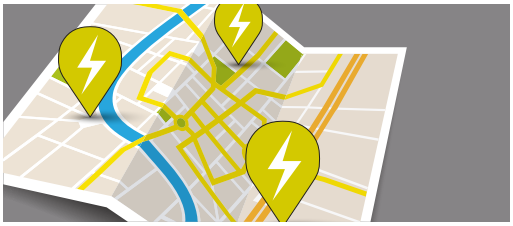

DC SUPER FAST CHARGERS

You can use DC super fast chargers at MG dealerships, which seamlessly charges up to 80% in 60* minutes.

AC FAST CHARGERS**

MG India will install an AC fast charger at your home or office, free of cost. Charge your car 100% in just 8.5-9* hours.

AC FAST CHARGERS AT MG DEALERSHIPS

AC fast chargers are available at MG dealerships at selected locations in satellite cities.

PORTABLE CHARGER WITH YOUR CAR

A portable charging cable comes with your car kit, which can be plugged into any 15A socket to charge your car 100% in 18-19* hours.

ROADSIDE MOBILE ASSISTANCE#

Roadside assistance for mobile charging support is available 24x7 in emergency situations.

MG CHARGE INITIATIVE

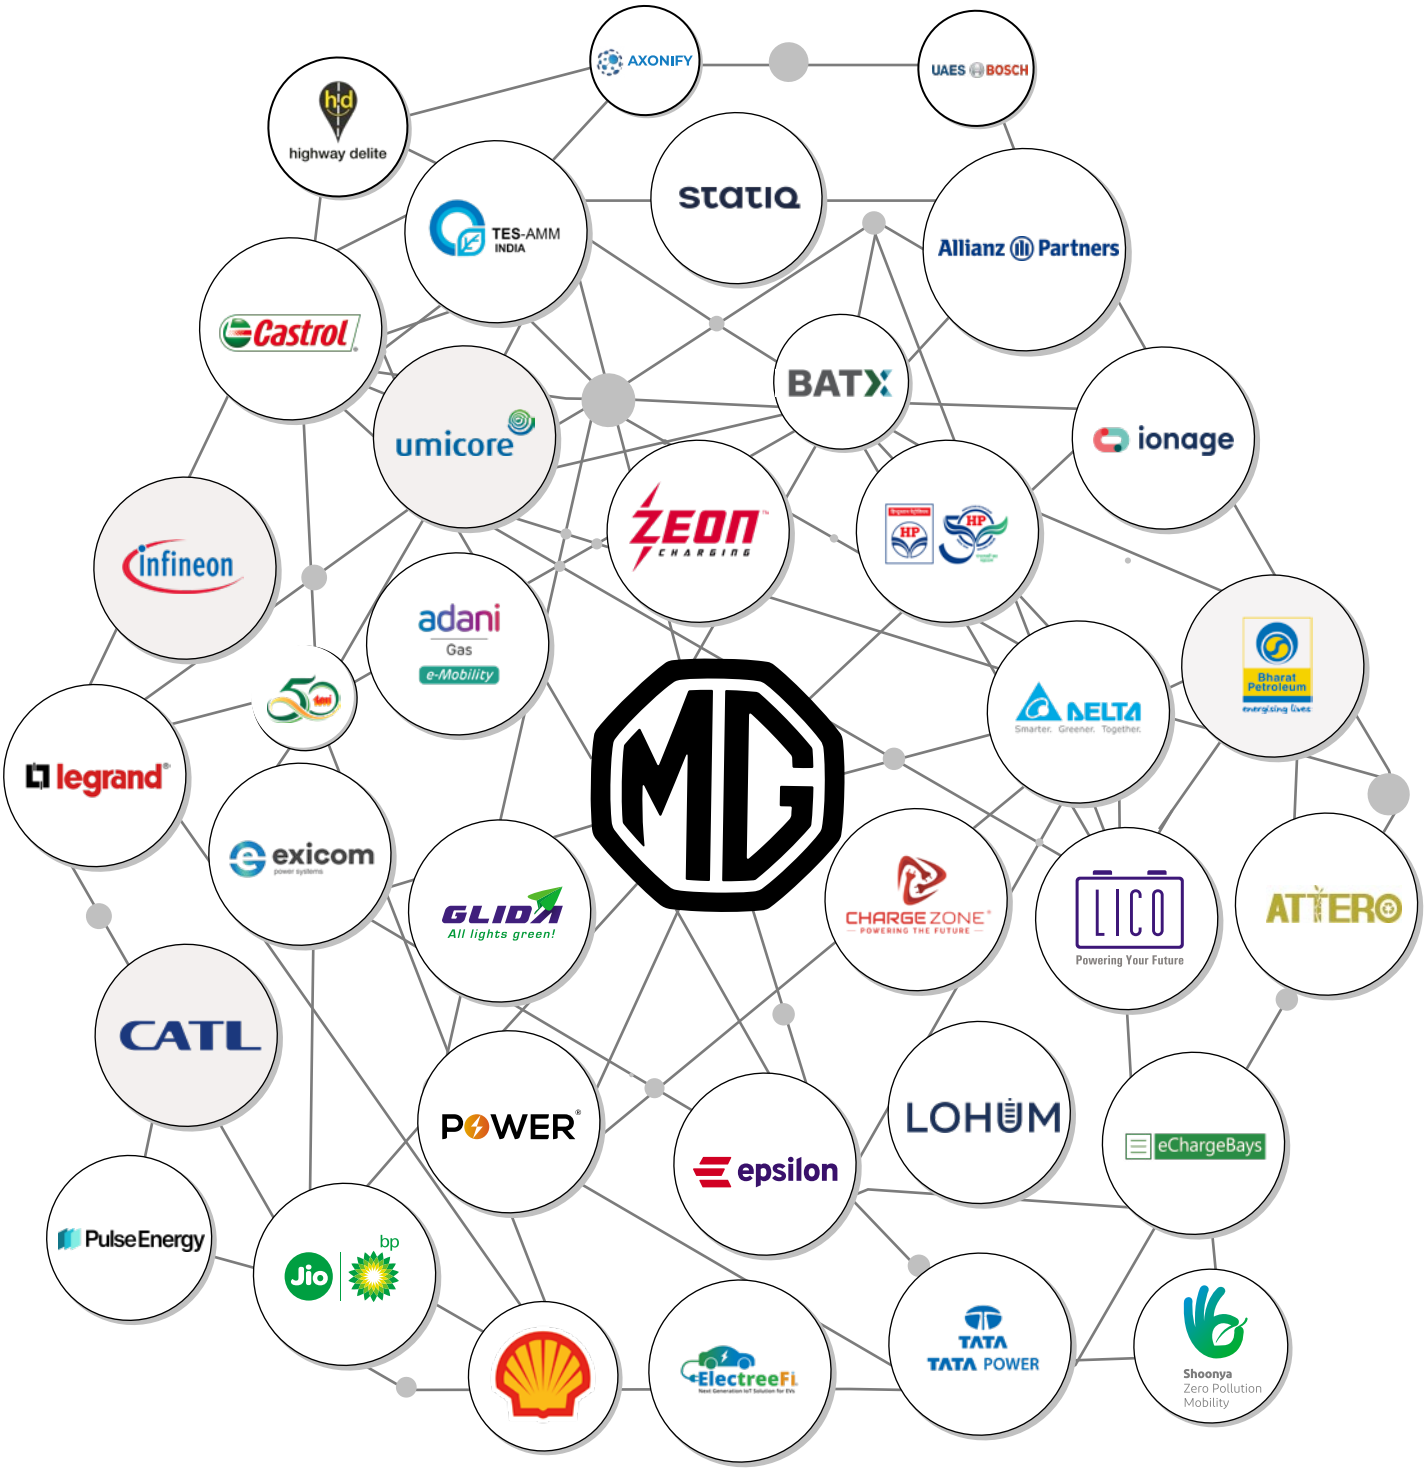

MG Charge is a first-of-its-kind initiative by MG India, which aims to install 1000 AC fast chargers within community spaces across India in 1000 days to strengthen the EV charging infrastructure.

*Depending on the condition of high voltage battery, charger specifications, and ambient temperature, the time required for charging the high voltage battery may vary. #Available in NCR, Mumbai, Hyderabad, Bangalore and Pune, subject to charger availability. **The 7.4 kW AC Fast Charger is not part of standard fitment for Executive & Excite Pro variant.

DRIVING INDIA'S EV ECOSYSTEM

Key partnerships with the leading players in EV ecosystem for Battery Technology, Charging Infrastructure, Product Development, Technology Innovation, AI Implementation & Electronics.
